Choosing your investment services

1. Which of these two Quilter Cheviot services would you like to choose?

Please select the investment service that you have already discussed with your investment manager.

Discretionary Portfolio Service (DPS)

The Discretionary Portfolio Service (DPS) offers you active management of your investments and has flexibility for you to apply your investment preferences or restrictions. Your investment manager has full authority to manage your investments without prior reference to you. The minimum investment amount for the DPS is £250,000

Managed Portfolio Service (MPS)

The Managed Portfolio Service (MPS) offers a number of predefined investment strategies. MPS strategies are invested into collective funds, some of which are managed by Quilter Cheviot. As a discretionary service we undertake the investment transactions within these strategies without prior reference to you. Our MPS does not take unrealised capital gains into account when making changes to client portfolios. This means that for portfolios which are subject to capital gains tax (CGT), there may be occasions when realised gains are in excess of your Annual Exempt Amount, which may result in you having to pay CGT. The minimum investment amount for our MPS is £40,000. If the value of your portfolio falls below this minimum threshold it may not be possible to align your portfolio to the agreed strategy, meaning that our ability to manage your portfolio to the agreed mandate may also be impacted.

If you have any additional questions about which service is best for your needs, please get in touch with your investment manager at Quilter Cheviot or financial adviser if you have one.

2. How to verify your identity

At Quilter Cheviot, we ensure that our process complies with anti-money laundering regulations. This means that we need to verify your identity as well as any potential beneficial owners before we proceed with opening your account.

I am a UK resident

We use the information you provide us with in this form to perform electronic identification checks.

I am an overseas resident

Please send us certified copies of your identity documents. We have outlined how to do this on Page 26.

6. Investments and income preferences

✓ - ✓ - ✓ - 6 - 7 - 8

This section will help us understand your investment objective, assess your risk profile, and to understand what you would like us to do with any income that is generated from your portfolio. This will allow us to recommend and implement a suitable long-term investment strategy for you.

It is important that you keep us informed of any changes to your circumstances or objectives, so we can review the strategy as needed.

We offer clients the ability to screen certain sectors or activities within an account. The nature and extent of this screening will contribute to the determination of your preferences for responsible investment. The implementation of this screening may result in the account's performance deviating from the comparable (non-constrained) benchmark.

If you would like to discuss this further, please contact us to complete an investment restrictions supplement.

Which of these describe your preferences for responsible investment considerations? Please tick one only.

This means that your investments will be pooled with others that belong to our other clients. Ownership of each client's investments is always immediately and separately identifiable in our books and records.

As an alternative, we can hold some assets individually on a segregated basis. This means that your assets will be held in our nominee name but will be separate from other clients' assets. Helpful information

Our reporting services

Once your account is opened, we will regularly provide you with a comprehensive investment report which includes a valuation, performance summary, transaction schedule, capital and income statements.

You can instantly access your report via your online portal by choosing to go paperless and receive all reporting electronically. Simply provide your email and mobile telephone number, and we will provide you with details on how to register.

If your investments are subject to UK or Irish income or capital gains taxes, we'll also provide an annual tax summary. Please note that this tax information does not constitute tax advice and you should seek independent tax advice.

Our schedule of charges

Core Charges:

1. Annual Management Charge

We calculate our annual management charge based on the value of your portfolio (including cash and ISAs where applicable) at the end of each month and average it over our charging period. This management charge is paid directly from your Quilter Cheviot account to us quarterly in arrears at the end of March, June, September and December and it can be subject to VAT.

The Investment Proposal or Schedule that you should have already received from your investment manager describes the relevant annual management charges in the 'Our pricing structure' section.
